

GREEN CAMPUS POLICY

Objective

To promote Sustainable Environment for the effective implementation of Green Practises in the Campus

Scope

This policy applies to all staff, students, tenants, vendors, and stakeholders operating within the JUC campus.

Policy Statement

Jesselton University College adopts the following sustainability commitments aligned with its strategic direction and the Sustainable Development Goals (SDGs):

- i. Align institutional strategies with SDG implementation through practical, city-campus appropriate sustainability initiatives
- ii. Promote efficient use of resources, including electricity, water, air-conditioning, and office materials, through responsible usage and monitoring practices
- iii. Minimise waste generation by encouraging recycling, reducing single-use plastics, and promoting digitalisation to reduce paper usage
- iv. Strengthen sustainability awareness and competencies among staff and students through training, academic integration, and campus initiatives
- v. Promote low-carbon practices by encouraging public transportation, carpooling, and reduced resource consumption within the urban campus environment
- vi. Foster a clean, healthy, and environmentally responsible campus environment that supports well-being and sustainable practices

Yours sincerely,
